THE 8TH ANNUAL COME EXPERIENCE THE MAGIC
DIABETES TRAINING CAMP BENEFIT

A note from *Dr. Matthew Corcoran*
Founder and CEO of Diabetes Training Camp

It's a very exciting year for Diabetes Training Camp! We are celebrating **20 YEARS of offering DTC's life-changing programs to the T1D community.** Help us celebrate on November 14th, **WORLD DIABETES DAY** – at the Hard Rock Hotel & Casino in Atlantic City, for our annual **COME EXPERIENCE THE MAGIC** fundraising gala! Proceeds benefit Diabetes Training Camp's scholarship fund and help us add and enhance meaningful programs and services.

At this year's gala we are proud to honor **George and Patty Siganos** as the **Legacy Award** recipients for their dedication, support and belief that people living with T1D can live a full and active life, and **Brett DeNafo** owner of Town Square Entertainment as the **DTC Warrior Award** for his resilience, strength and determination to live his best life with diabetes. Diabetes Training Camp(DTC) held its first camp experience in 2006 and was established as a nonprofit (501C3 tax exempt organization) in 2015 with a mission to empower the diabetes community to thrive by delivering unique camps and programs grounded in fitness, exercise, sport and overall wellness. With the help of our amazing donors and sponsors, we are improving the lives of teens and adults living with T1D and empowering them to believe that anything is possible! **Until there is a cure, there is Diabetes Training Camp!**

Since the creation of DTC Foundation we have offered \$650,000 in financial assistance and scholarships to help more people get to camp and join the supportive and unique DTC community. This year we launched a brand new Teen Boot Camp in Denver, CO and reached even more families dealing with the challenges of diabetes and sport. And, we launched a S. Jersey community event encouraging our friends and neighbors to get screened for T1D.

Generous contributions made at our annual **COME EXPERIENCE THE MAGIC** benefit and gala have helped us change the trajectory of people's lives and help establish Diabetes Training Camp as the nonprofit leader and innovator in the area of fitness and exercise for the diabetes community.

We invite you to be a part of this special evening and help support a truly meaningful cause. Please see the enclosed pledge sheet – your support makes all the difference!

THE 8TH ANNUAL COME EXPERIENCE THE MAGIC DIABETES TRAINING CAMP BENEFIT

About Diabetes Training Camp

Diabetes Training Camp brings one-of-a-kind, life changing programs to people living with diabetes. Through education around clinical diabetes, nutrition, mental skills and fitness, Diabetes Training Camp (DTC) teaches people how to live the life they want to live while managing their diabetes and achieving their fitness goals and dreams.

Because of DTC's unique model, DTC is able to meet people where they are and help them get to where they want to be. Beginner, moderate or advanced exercisers all experience a magical program.

DTC's flagship programs and camps have mainly focused on adults and young adults living with type one diabetes. For the past **20 years**, DTC has offered week-long camps that have consistently drawn people from all over the country and the world. In 2017, DTC launched an intensive 3-day bootcamp for teen athletes living with T1D and their parents. **In 2024 we expanded TEEN BOOT CAMP to a location in Denver, CO allowing us to support more families and teen athletes with T1D.**

This life-changing program has positively impacted teens and parents when it comes to blood sugar management off and on the field, improved confidence in the teens, and strengthened communication between teens and parents.

In 2019, DTC debuted a camp designed for people living with Type 2 diabetes and prediabetes. The program gave people dealing with the challenges of Type 2 diabetes the knowledge, confidence and community to manage their disease, live the life they want to live and thrive. DTC continues to look at opportunities to serve the Type 2 community.

DTC empowers people living with diabetes through education and confidence building while also offering a community of staff and other campers who “get it.”
UNTIL THERE IS A CURE, THERE IS DIABETES TRAINING CAMP.

When COVID hit and in-person camps needed to be postponed, DTC, knowing the diabetes community would continue to need support and education, pivoted to offering virtual experiences. The **DTC V CAMP** was born. Realizing this was a way to reach even more diabetes warriors, DTC has continued to offer virtual programming throughout the year.

Words used by our camp alumni to describe DTC are,

“life-changing,” “magical,” “amazing,” “life-saving.”

Dollars raised at the COME EXPERIENCE THE MAGIC fundraiser go to furthering the mission of the Foundation - to inspire, motivate and educate by delivering unique and customized programs and coaching that empower the community of people with diabetes to thrive by offering scholarships and **life-changing programs**. We believe for people living with diabetes, anything is possible.

Hear From Our Campers

"In 32 years as an adult living with T1D, I had never met anyone else who shared this journey. I didn't arrive at camp with thoughts of being an "athlete," but that quickly changed after one of the very first lectures. I couldn't believe how much I was learning about my body and living with T1D...and I became part of a tremendous community. The loneliness of this journey is a memory – what a gift!

DTC is not about living with chronic illness.

It's about living fearlessly. It's about learning. It's about thriving."

Rachel Binford, DTC ALUMNI

"Thank you for providing such an incredible experience for my son and family. Before DTC he had never talked with a peer about his diabetes, never in 4 years. I can't believe how camp has made him happy and relaxed. If it wasn't for DTC, I doubt his confidence of his life with T1D would have ever improved. All the knowledge you taught us is priceless, but what you have given our son in 3 days is impossible to describe. You have changed our lives forever."

Melissa Walsh, Mom of teen T1D athlete

"I couldn't have imagined what DTC would be like. From the jump, the care of the genuine team, and the environment they create, for all campers is unbelievable. I felt safe, I felt like I belonged. I could let my guard down and be vulnerable. I loved connecting with other T1Ds from all over the country and being surrounded by people who get it. I'm grateful for my scholarship, without it I couldn't have experienced this life-changing, life-altering camp."

DeOndre Hogan, DTC ALUMNI
